

RADON TEST IN PROGRESS

Selgrade Construction Inc is performing a radon test. Please contact Thomas at (515) 991-9543 with any questions. This test will be retrieved in approximately two business days. Please observe the following guidelines during the test period:

1. Closed house conditions must be maintained. No open windows and only use exterior doors for normal entry and exit.
2. Do not run any fans, humidifiers or dehumidifiers on the same level as the radon testing device during the test period.
3. Do not disturb the radon testing device.

Thank you,

Thomas Selgrade
